

Technical Data Sheet **POWA PLATE CLEANER**

Plate cleaner, with mild abrasive, used for stubborn oxidation or reviving a stored plate which is proving difficult to start. Removes even dried on ink, scum and oxidation easily, without damage to all types of pre-sensitized plates. Contains a mild abrasive which assists the cleaning action and enhances product performance.

Application advice for best performance ;

- Shake well before use.
- Using a damp sponge, apply the product to the whole plate.
- Wash off with water and then buff dry with a clean lint-free cloth.

Key Features ;

- Effective and economical.
- Cleans and desensitizes the non-image area.
- Improves ink receptivity on image areas.
- Removes any ink-mark from the plate.
- Removes scratches, scum, oxidation.
- Gives non-image areas a highly water receptive layer.
