

## Rapid Wash 220 221

special product for automatic blanket washers with cleaning cloth or brush from BALDWIN and ELETTRA

- cleaning agent for blankets, ink rollers and ink ducts, free of VOC\*
- water miscible and corrosion inhibited
- with FOGRA Approval Certificate for manroland heatset presses
- in accordance with the quality standards of the BG ETEM Trade Initiative for Cleaning Agents as well as the new specifications by the BG ETEM for protection from auto-ignition

### Use:

Cleaning agent based on high boiling hydrocarbons without aromatic compounds and on vegetable oils, suitable for automatic blanket washers, preferably in heatset.

### Application:

Automatic blanket washers: Depending on the washing program, the rapid wash is to be used pure or pre-emulsified. If the product shall be pre-emulsified in the storage tanks, we recommend to stir the contents or mix it by pumping.

### Rating:

Density at 20°C (g/cm<sup>3</sup>): **appr. 0.86**

Initial boiling point (°C): **appr. 250**

Flash point, DIN ISO 2592 (°C): **> 105**

Vapour pressure at 20°C (kPa): **< 0.01**

Evaporation factor: **2.0 (150°C), 1.93 (180°C)**

### Specific characteristics:

The product has a very high cleaning power and does not cause embossing or shrinking of the rubber blankets and rollers. It does not cause corrosion on presensitised printing plates and is low in odour. **RW 220 221** is VOC-free.

### Free of aromatic compounds and chlorinated hydrocarbons.

When replacing a cleaning agent with a low evaporation factor by **RW 220 221**, in most of the cases the quantity adjustment can be dispensed with after prior consultation with the BG ETEM.

**Marking:** This rapid wash is not a dangerous product. Transport regulations do not apply. According to VbF (German regulation on flammable liquids) the product is not subject to marking.

**Disposal:** VEGRA recycling technique or combustion as special solid waste.

### Packing:

PE Cans of 10 and 25 ltr, Drums of 120 and 210 ltr, Containers of 630 and 1000 ltr or delivered in a lorry

\*) VOC = volatile organic compound

Please see our "**Comment on the VOC Directive**" to be found under [www.vegra.de](http://www.vegra.de) - "**News**".

The specifications given in this brochure are based on laboratory tests and practical experience. All specifications are to the best of our knowledge and reflect the latest state of the art, however, this does not imply any liability.

01 July 2023- ch/lh - **Please take note of the VEGRA Recycling Concept for Rapid Wash.**
